7.4 Contribution to environmental awareness / protection

Protection of Environment is not only the responsibility of the government, organization or any institution. The Environment affects the growth and development of every person. It is each individual's duty to keep the surrounding clean. To aware the students about their duties towards the environment, Environment society of Sri Sathya Sai College for women had taken certain steps. Following activities were organised in the session 2017-18 by the Environmental society to achieve the stated goal.

- 1) **On 01 July 2017**, students and teachers of Green audit committee planted 30 saplings of different varieties of trees on the occasion of “Namami Devi Narmade tree plantation scheme” in College Campus.
- 2) To promote of Swach Bharat Abhiyan tree plantation was organised in college campus on **15 & 16th September, 2017**. All the teachers, students and staff members participated in it.
- 3) Quiz competition was organized on **18th September, 2017** in which B.Sc students participated and shared information about environment with their fellow students.

- 9) **On 29th September, 2017** a lecture on environment was delivered by **Dr Asha Agrawal** in which all students took oath to maintain cleanliness and to protect the environment in and around the college campus as well as in their home.

7.5 Whether environmental audit was conducted? Yes ☒ No ☐

7.6 Any other relevant information the institution wishes to add. (For example SWOT Analysis)

STRENGTH

1. The Mission, Vision and Objectives set out by our Chancellor Sri Sathya Sai Baba with a clear focus on quality value-based education to develop positive attitude, leadership qualities and self-awareness is our greatest strength.
2. College is one of the reputed and iconic institutions which has created a benchmarks on the horizon of education in Bhopal for empowerment of women for the past 43 years
3. College is a Grant-in-Aid college and has well developed infrastructure in form of vast campus of more than 19 Acres with lush green gardens which are well maintained, Girls Hostel with the capacity of 108 students with both AC and non AC rooms, automated Library, indoor Gymnasium with all modern gym equipments, Auditorium (open as well as an acoustic complaint closed), Canteen, Student Activity Centre, three vehicle stands etc.
4. The college attained the autonomous status from the UGC in December 2017 after inspection leading to fulfilment of quality enhancement and also achieved its long strived goal.
5. This year college has become the centre for B.Ed distance learning two year program of Mahatma Gandhi Hindi University, Wardha, hence strengthening the quality of would- be teachers of the nation.
6. The college has all the necessary facilities for imparting quality education to the students like well furnished class rooms with ICT facility, well equipped computer literacy lab where training Programmes are conducted by other professional institute also.
7. College is known for its highly qualified faculty who are engaged in research work. We have well equipped FIST sponsored Research lab for research work. More than 75% of our teachers have acquired doctorate degree and most of them are actively engaged in research in form of attending national and International seminar, workshop, conferences etc. and publishing papers in national and international journals. We promote research aptitude among UG and PG students under the guidance of highly qualified faculty.
8. The college regularly gets research and infrastructure grants from funding agencies

like UGC and DST because of the high quality research work done by the faculty.

9. Interdisciplinary Research Journals "Highbrow" is published by the College to promote research environment in the college. Regular publication of college magazine, 'Divya' and departmental newsletter to showcase the talent of students.
10. Pioneers of teacher- parent contact programme and "Advisor - Advisee" (teacher-pupil) system from the beginning since 1975.
11. Exposure and interaction of students and faculty with visiting academicians through enrichment programmes and upgraded activities like workshops on issues of current social situations.
12. ICT enabled interactive teaching-learning and participatory management practices.
13. Linkages and collaborations with Industry to boost confidence and creativity in students and augmented career prospects.
14. Wide variety self-financing courses available for the girls spanning over 6 faculties to suit students of all streams and strata of society.
15. Various scholarships to support needy student in completing their education and to promote entrepreneurship among senior students.

WEAKNESSES

1. Controlled procedures delay the introduction of new age programmes at UG and PG.
2. Erratic schedule of admission and university examinations off-set the academic and co-curricular activity of the college.
3. Less number of teaching posts in certain departments where number of student is very high.
4. Affiliation and recognition of research centre in various subjects is still under process.
5. Lack of soft skills and general awareness in the students.
6. Inadequate funds to serve and cater to the needs and aspirations of our students and for an optimum salary structure for the highly qualified faculty.
7. Though our college library provides free and open access to students to use and read books in the comfort of a reading room, but the capacity of the room is only limited to 100 students. This facility needs to be extended to at least 300 students at a time.
8. Lack of PR and promotional activities to promote in campus placement for the students which is essential for further enhancing college popularity and increasing the student strength in the 9 P.G. programmes which currently have less number of on-roll students.
9. Lack of transport facility and private buses for the students. The transport facility is

required to smoothly organise the NCC, NSS, cultural and other extra-curricular activities.

OPPORTUNITIES

1. Borderless knowledge scenario in the wake of liberalization and use of ICT to reach out to the global pool of knowledge
2. To develop the college as a centre for imparting technical, soft skills to the students through industry tie ups, research based job oriented programmes, specialised courses etc for generating employment and motivating them for entrepreneurship. This will be a big initiative in empowering the women.
3. Developing sports facilities including a gymnasium for yoga in wake of various Govt. schemes to strengthen institute of higher Education. (Proposal sent to UGC).
4. Strengthening of Alumnae Association to support the developmental activities of the college.
5. To provide education to the first generation learners of economically weaker class.
6. Now we have a great opportunity to augment inter disciplinary and multi-disciplinary courses and also courses which provide employment for instance B.Com. LL.B.; B.Sc., LL.B. 5 year integrated courses and B.Sc. B.Ed etc.
7. We have an opportunity to hire people from industry and corporate for coaching/training needs of students within the premises of the college. This will result in revenue inflow in the college.
8. Language skills are sown, honed and mastered during 5 years period in the college. Unfortunately, colleges in general do not pay attention to individual student in a scientific and persevered manner. Now is the time to pay in-depth attention to skill development part associated with language, IT skills.
9. It is indeed very opportune time to equip and train teachers and parents in the arts and science of parenting associated to the challenges young people are faced with.
10. The college has accepted the challenge of creating spiritual environment for the college students. Spiritual life is the answer to many odds faced by students, teachers and parents
11. We have a strong opportunity to develop the teaching and research facilities of the institution as various funding agencies have launched many schemes to support and augment quality of higher education in India to Grant-in-aid Colleges as well.

THREATS

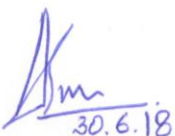

1. Limitation and constraint in government financial support

2. To achieve academic excellence despite adhoc enrolment of teachers
3. To motivate the faculty and staff for changing scenario and teaching practices in Higher Education
4. Robust salary structure along with employee welfare policies required for retaining the qualified faculty and to keep them motivated so that they do not move out to other institutions offering better remuneration.
5. New mushrooming colleges with no infrastructural facility and ethics.
6. To establish the college as a recognised research centre in some department due to slow procedures of university affiliation.
7. Some of the traditional UG and PG courses specially in Arts and pure Science subjects are not much attractive to students. This has a bearing on the fee revenues of the college and also usefulness of teaching faculties.
8. The present system of enrolment in courses run by prestigious career oriented institutions is posing a grave threat to the regularity of students in the class rooms. Because students now a days make 3 years advance preparation to crack CAT/MAT/GMAT/CA/CS and other compitative examinations through private coaching classes.
9. The employability of students after UG/PG courses is mainly dependent on their language skills and proficiency in subject contents their ability to the IT friendly skills. The lack or inadequate skills is the main cause of unemployment and resulting in differentness of young minds these days.
10. Even knowledgeable and well placed parents and teachers find it hard and difficult to advice/ charter the course of action for young people these days. This is resulting in a state of disrespect or zero value to the institutions of teachers and parents.

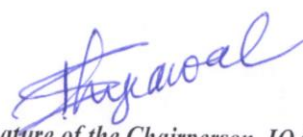

8. Plans of institution for next year

The institution plans

- To apply for grants under CPE scheme of Govt. of India and DBT Star Scheme.
- To introduce new programs like BA.B.Ed., B.Sc.B.Ed. and certificate courses in all departments as the college will enjoy Autonomous status in the coming session.
- As we are autonomous now we plan to start various Job Oriented Vocational Certificate/Diploma Courses.
- Plan to introduce applied and skill oriented aspect of syllabi during revision of syllabus.
- To ensure smooth functioning and establishment of autonomous cell and examination cell etc. in the college.
- To conduct quality related workshops and seminars.
- To develop a practice of regular annual SWOT analysis.
- To develop a system that will facilitate students to assess their learning and growth.
- To conduct capacity building programmes for students and teachers.
- To establish a robust system for human resource management.
- To initiate more development programs for support staff.
- Encourage more teachers to register as research guides and establish research departments.
- To publish college research journals for students.
- To participate in resource sharing network / consortia like NME through A-view platform.

INTRODUCTION

“Education is not acquisition of burdensome information regarding objects and men. It is the awareness of the immortal spirit within, which is the spring of joy, peace and courage.”

- Bhagwan Sri Sathya Sai Baba.

With this in mind Sri Sathya Sai College for Women, Bhopal was established. Our objective is not only to enable our students earn a living but also to acquire good traits and lead ideal lives.

In the modern context, education has been commercialized. It is being looked upon as a commodity of which students are consumers. Therefore, consumer's satisfaction becomes the prime objective of education today. Career oriented education has become the trend and the objective of modern education. While the career aspect cannot be neglected, we as educationist of an educational institute like Sri Sathya Sai College for Women, Bhopal, feel that **Education is for life and not just for living**. Providing value based education gives our institution a distinct status.

To keep ourselves apprised of the views and suggestions of the students and their parents regarding the institution, questionnaires were prepared for students and parent's alumnae and stockholders separately. On the basis of the data collected an analysis has been made consisting of four parts. The first part consists of the students Questionnaires prepared by the college, which were circulated among the students of the college. Similarly, second part was provided to the parents. The third part consists of the Alumnae and the fourth part was for the Stockholders.

Four formats were circulated among 300 graduate and post graduate students at random of various faculties. The analytical results obtained have been placed in the form of tables. The above exercises have been done on random sampling method, which is commonly adopted method.

On the whole, these questionnaires are of paramount importance to the college administration, in order to study and analyze the students' evaluation for the improvement of the college administration, atmosphere and various educational facilities.

STUDENT FEEDBACK

(Designed by the College Feedback Committee)

ANALYSIS OF STUDENT FEEDBACK FORMS

Students are always welcomed for suggestions and giving views. An educational institution is the main source of students overall development. They are acknowledged by inviting their feedbacks to fulfill their expectations and aspirations.

A random questionnaire regarding the facilities provided by the college was prepared for the students of the college inviting their views.

Data so collected was tabulated and was subjected to the statistical analysis. This analysis was very motivating and encouraging for the college. The views and suggestions of the students have been reviewed and balanced decisions have been made for their betterment.

The analysis is as follows.....

PARENTS' FEEDBACK

(Designed by the College Feedback Committee)

ANALYSIS OF PARENTS' FEEDBACK

The influence of parents on the children's minds is very significant. It is actually the primary and dominant influence on the child's personality and behavior pattern.

Their opinions, suggestions and their views all count in the betterment of the child as well as the institution. The father and the mother must supplement at home the training given by the teacher at school and college.

A questionnaire was prepared seeking the opinion of the parents. The data so calculated was statistically analyzed.

The analysis is as follows.....

CONCLUSION

By the analysis of students' feedback on course and teaching evaluation, it is concluded that, the students feel that the syllabus is inadequate but they find the syllabus very relevant to the real life situation. According to the students, more than 90% of the syllabus was taught in the class in this session. The CCE was conducted fairly during the session. The use of information technology in teaching is very effective in their studies.

From the analysis of students' feedback on teachers it can be concluded that, the teachers from all the faculties are sincere and committed. Their communication skills are very good and they prepare very well for their classes. Their way of teaching is helpful to generate interest in the subject and they encourage students for the various extra-curricular activities as well. Students are highly satisfied with the facilities like library, laboratories, computers etc. They appreciate the advisor-advisee system of the college. According to them, very good career and placement opportunities are provided in the college.

Although college has a very good infrastructure and good basic facilities like toilets, parking, drinking water and health care are provided by the college, students feel that the canteen should be improved. It can also be concluded that students appreciate the facilities like scholarships, NCC, NSS and sports. They also appreciate the discipline in the college.

Similarly parents' feedback analysis shows that, in their view the college is one of the renowned colleges of the city. They are satisfied with the scholarships, self defense training and environmental friendly activities of the college. They highly appreciate the discipline, value based education and advisor-advisee system of the college.

The analysis of alumnae feedback shows that, in the view of the alumnae of the college, the college is one of the best colleges in the city. They highly appreciate the value oriented education and basic facilities provided by the college. They appreciate activities of alumnae association. They want to contribute more towards the college's development.

By the analysis of stakeholders' feedback questionnaire we conclude that the most of the stakeholders appreciate the devotion of each and every employee towards the college. They highly appreciated the education system and personality development through the value oriented education of the college.

Best Practice - I

1. Title of the Practice:- “Education in human values and Sprituals inputs”.

2. Goal

- ☐ To inculcate patriotism and spirituality
- ☐ To impart value-based education
- ☐ To arouse social consciousness
- ☐ To counsel the students for their emotional and spiritual well being.
- ☐ To inculcate calm and composure in the personality of students.

3. The Context:

Education in human values supplements secular education by addition of spiritual inputs. Students are encouraged to understand and imbibe five fundamental human values i.e. Love, Truth, Righteousness, Peace and Non-Violence. In our everyday activities, we use 5 techniques:

- ☐ Prayer and Positive thinking
- ☐ Meditation
- ☐ Group devotional music
- ☐ Inspirational speech/lectures
- ☐ Group activities

Our focus is on practicing these values rather than just knowing them. It was conceived with the sacred aim of arousing nationalistic pride, imparting information and providing a platform for collective thinking and community feeling. Practice of Morning Assembly and collective prayer has an added significance and relevance in present times when gross materialism and consumerism have overburdened the society with an unending rat-race. In such a scenario little space is left for moral and patriotic values. having realized that values are imbibed rather than taught, the college has adopted this practice to counsel the students and inculcate those values that are needed to live in a pluralistic society and contribute to national development. It also is a subtle manifestation of the collective consciousness and purposeful education of the institution.

4. The Practice:

Morning assembly is a regular and important feature of the college. It gives a much needed platform to meet all the students at one place. Official instructions, announcements regarding scholarships, trainings, intra-college and intercollegiate competitions and upcoming events are made. The students listen carefully to the instructions given during the assembly and follow them earnestly. The national flag is hoisted every morning and national song-Vande Matram, national anthem-Jan Gan Man and Madhya Pradesh Gaan, are sung with nationalistic fervor. In keeping with the patriotic spirit and simplicity, traditional Indian uniform and dress code is followed in the campus (Salwar Kurta). It is compulsory for all students to come to college in uniform and teachers follow the dress code of sari. The morning assembly includes Sarvdharm prayer, thought for the day, mission of the college, National Anthem/National Song/Madhya Pradesh Song/Vedochharan.

Spiritual Inputs-

From 12.10.17 to 15.10.17, four days Residential Camp on Indian Culture and Spirituality was organized in the college. Smt. Neena Arora being the convener and Dr. Sunita Yadav being the Co-Convenor co-ordinated with the Chairman and the Principal in organizing different activities of the camp. The camp was inaugurated by Mayor Shri. Alok Sharma. The Chairman College Governing Body Dr. Meena Pimpalapure presided over the function. Around 163 students and the 100 staffs were registered and participated in the camp. In the spiritual camp the lectures were based on various religions, faiths, culture, moral values prevailing in India since ancient time.

Thought for the day – is read out by a student everyday to instill values among fellow students to arouse the intellectual, moral consciousness of students. It works like a mantra for the Day to ponder upon. Collective prayer prepares every student to raise herself intellectually and morally so as to face the stern realities of life with confidence and courage. Each student of the college is expected to look on herself as the ambassador of the college and conduct herself with dignity that is worthy of the institution.

Awards and Laurels – The student achievers, who have won awards and honors for on the academic and co-curricular activities in collegiate and inter-collegiate activities are honored and awarded in the assembly. Faculty achievements are also highlighted to provide inspiration to students.

The mission of the college to reinforce the culture of excellence and contribution to national development is substantially met with through morning assembly which imparts value-added education and inculcates patriotic fervor.

Spiritual classes - Every Wednesday & Thursday collective bhajans, and lectures on special topics are arranged. To enumerate, a few examples are listed below.

S.NO.	DATE	Activity
1	08-07-2017	Celebration of Guru Purnima
1.	13-07-2017	Bhajan classes by Dr. Anita Awasthy
2.	12-11-2017	Akhand Bhajan in Shanti Van, Bhopal
3.	23-11-2017	Birth Day celebration of Baba
4.	14-01-2018	Laksharchan
5.	05-04-2018	Lecture on different Vedas
6.	12-04-2018	Lecture on how to recite Vedas

Every month purnima puja is organized by the staff of the college

Pious Hostel routine: The students residing in the hostel of the college follow a strict pious routine beginning with omkaram in the early morning, nagar sankirtan followed by bhajans and yoga session there after. In the evening also the students gather in the bhajan hall of the hostel for evening bhajan sandhya.

5. Evidence of Success:

The practice of morning assembly and prayer has a great motivational impact on the student community. They are inspired by the achievements of their fellow students and various honors conferred on them. As a result, they try to explore their own potentials. Shedding their inhibitions they come forward to participate in various activities being organized by the college. What is laudable is that they make sincere efforts to attain established bench marks. The achievements of the competent teachers in their respective fields further boost them to give their best and outperform. Well-defined value system and love for our culture has given strong roots and poise to our students and facilitated their moral and intellectual growth. It has gone a long way in inculcating a strong sense of ethical values, a genuine concern for our culture and commitment to nationalistic causes. We have a galaxy of alumni who have done the college proud by making significant contribution in ameliorating the lot of oppressed, marginalized sections of society.

6. Problems Encountered and Resources Required:

We do not have enough space to accommodate all the students at a time, so we need an auditorium for collective forums. Lack of financial resources prevents us from inviting experts of national and international repute.

7. Notes-

To inculcate spiritual environment, any institute should incorporate healthy practices like Sarvdharma prayer/value based lectures/ thought for the day in there morning assembly on regular basis.

BEST PRACTICE II

1. Title of the Practice: Activities to empower women through skill development & counseling.

2. Goal:

- To give vocational, career oriented and technical education to lesser privileged women.
- To counsel and motivate women to lead a dignified life.
- To empower women for changing fundamental aspects for their own development..
- To sensitize women in general and society in particular about gender issues.
- To bring about behavioral change for ensuring gender equity.
- To contribute to national development.
- To empower lesser privileged women of slum area located near the college.
- To motivate girls of weaker section of society for higher studies.

3. The Context:

Ever since its inception in 1974, the college has been rendering valuable service for the emancipation and empowerment of women. Fully aware of the countless psycho-social pressures which are deeply embedded in attitudes, practices and behaviour patterns across the world and adversely impact the well-being of women, our institution seeks novel and practical ways to create more opportunities for empowering women. Issues like gender discrimination within family, low self esteem due to social attitudes cause acute depression and lead to unhappiness among women. Economic dependence also limits the growth and development of women. Therefore the first step should be to make them economically independent. An effort is made to ameliorate the stress and limiting factors among women by helping women who could not complete their education due to familial, economic or social reasons. Skill development and vocational training in areas focusing on entrepreneurial skills, is provided to ensure employability.

4. The Practice:

As a part of the mission of empowering women through education and self-reliance, the college has established the Women's Empowerment and Counseling Cell that is vigorously involved in providing guidance and job skills to women from lesser privileged sections of society.

The Centre is dedicated for improvement of the lives of young women through counseling and advocacy of a range of services that promote personal growth and economic independence. The center is engaged in creating awareness among woman enabling them to achieve equality and social justice. Some of the activities of the cell are:

Vocational Training: Under vocational Training program work shops, lectures, training programs are organized. Some of the few programs held this year are enlisted below-

- Work shop on Drama and Art in Education
- Work shop on intricacies of various aspects of drama.
- Brain Development Programme.
- Job opportunity in Airlines Industry
- Awareness of Human Rights.
- Career opportunities and global economic scenario
- Role of IT in Health Services and Hospital Management.
- Legal help against Domestic Violence
- Women Safety measures
- Breast cancer Awareness
- Cancer Awareness
- Training on Cashless Transaction
- Training on Net Banking
- Training on Worli Painting
- Vocational Training on Vermicomposting is given to the women of nearby slums and students.
- Training Programme on Adolscent Health Education
- Training on Traffic rules.

Counseling: The centre offers counseling to college students and lesser privileged women covering a number of issues like health, hygiene and alternate sources of income generation. Counseling is provided to women who have experienced violence and are coping with challenges (both physical and mental). Counseling services are offered for career options and support and strategies for coping with stress. Special sessions are conducted to create awareness amongst them regarding their health issues and their rights. Girls of the lesser privileged section of the society are motivated for higher studies. The illiterate women of the nearby slums are encouraged to come in to the campus and attend literacy classes conducted by our students of NSS and B.Ed. department.

- **Awards and Laurels:** The young women, who have been able to achieve the desired goal of economic independence and have set up entrepreneurial units are honoured and awarded prizes to inspire and motivate other women/girls to aim for the sky and achieve their goals. The initiatives of all the participants/trainees are lauded and given due recognition at the annual function of the college to motivate others to shed their inhibitions, recognize their latent potential and realize their dreams.

5. Evidence of Success:

- Girls with knowledge, skills and awareness about various career option get selected in jobs and in courses of higher studies successfully every year.
- On 22 Jan 2018 Smt. Rashmi Mishra. (Crime Branch) inaugurated the Marshal Art Training Camp at the college. 171 students participated in the 15 days camp under the guidance of instructors Mr. Mushtak Ahmed and Mr. Mustak Khan.
- We organize vocational training for the students. At the end of these workshops students organize an exhibition to showcase their products and put it for sale.
- Every year Best out of waste competition cum exhibition is organised for the students for generating awareness on environmental issues.

6. Problems Encountered and Resources Required

- Women of weaker sections of the society have their own social and economic boundaries to overcome for attending such activities.
- Due to erratic schedule of University Examination, adherence to academic calendar provided by Higher Education is difficult so the students feel the paucity of time to involve in such activities.
- Lot of will power, funds and manpower are required for conducting such activities.
